AMENDED DISCOVERY ORDER

After a review of the pleaded claims and defenses in this action, in furtherance of the management of the Court's docket under Federal Rule of Civil Procedure 16, and after receiving the input of the parties to this action, it is ORDERED AS FOLLOWS:

1. Initial Disclosures. In lieu of the disclosures required by Federal Rule of Civil Procedure 26(a)(1), each party shall disclose to every other party the following information:

- (a) the correct names of the parties to the lawsuit;
- (b) the name, address, and telephone number of any potential parties;
- (c) the legal theories and, in general, the factual bases of the disclosing party's claims or defenses (the disclosing party need not marshal all evidence that may be offered at trial);
- (d) the name, address, and telephone number of persons having knowledge of relevant facts, a brief statement of each identified person's connection with the case, and a brief, fair summary of the substance of the information known by any such person;
- (e) any indemnity and insuring agreements under which any person or entity carrying on an insurance business may be liable to satisfy part or all of a judgment entered in this action or to indemnify or reimburse for payments made to satisfy the judgment;
- (f) any settlement agreements relevant to the subject matter of this action; and
- (g) any statement of any party to the litigation.

2. Disclosure of Expert Testimony. A party must disclose to the other parties the identity of any witness it may use at trial to present evidence under Federal Rule of Evidence 702, 703 or 705, and:

- (a) if the witness is one retained or specially employed to provide expert testimony in the case or one whose duties as the party's employee regularly involve giving expert testimony, provide the disclosures required by Federal Rule of Civil Procedure 26(a)(2)(B) and Local Rule CV-26; and

(b) for all other such witnesses, provide the disclosure required by Federal Rule of Civil Procedure 26(a)(2)(C).

3. **Additional Disclosures.** Without awaiting a discovery request,¹ each party will make the following disclosures to every other party:

(a) provide the disclosures required by the Patent Rules for the Eastern District of Texas with the following modifications to P.R. 3-1 and P.R. 3-3:

- i. If a party claiming patent infringement asserts that a claim element is a software limitation, the party need not comply with P.R. 3-1 for those claim elements until 30 days after source code for each Accused Instrumentality is produced by the opposing party. Thereafter, the party claiming patent infringement shall identify, on an element-by-element basis for each asserted claim, what source code of each Accused Instrumentality allegedly satisfies the software limitations of the asserted claim elements.
- ii. If a party claiming patent infringement exercises the provisions of Paragraph 3(a)(i) of this Discovery Order, the party opposing a claim of patent infringement may serve, not later than 30 days after receipt of a Paragraph 3(a)(i) disclosure, supplemental “Invalidity Contentions” that amend only those claim elements identified as software limitations by the party claiming patent infringement.

(b) produce or permit the inspection of all documents, electronically stored information, and tangible things in the possession, custody, or control of the party

- (c) provide a complete computation of any category of damages claimed by any party to the action, and produce or permit the inspection of documents or other evidentiary material on which such computation is based, including materials bearing on the nature and extent of injuries suffered, except that the disclosure of the computation of damages may be deferred until the time for Expert Disclosures if a party will rely on a damages expert.

To the extent numerous 30(b)(6) topics are designated for a particular witness the parties will meet and confer to determine a reasonable length for that particular deposition. Each party reserves the right to seek an adjustment of these time limits based upon changes to the scope of discovery, or the addition or dismissal of any parties, in this case. These provisions, further, may be amended by agreement of the parties or upon order of the Court upon good cause shown. However, the parties agree that if any expert report addresses the issues of both infringement/non-infringement and/or validity/invalidity those issues each shall be treated as a separate report for the purposes of the deposition hours limits set forth above.

Any party may later move to modify these limitations for good cause.

- 6. **Privileged Information.** There is no duty to disclose privileged documents or information. However, the parties are directed to meet and confer concerning privileged documents or information after the Status Conference. By the deadline set in the Docket Control Order, the parties shall exchange privilege logs identifying the documents or information and the basis for any disputed claim of privilege in a manner that, without revealing information itself privileged or protected, will enable the other parties to assess the applicability of the privilege or protection. Any party may move the Court for an order compelling the production of any documents or information identified on any other party's

privilege log. If such a motion is made, the party asserting privilege shall respond to the motion within the time period provided by Local Rule CV-7. 9. **Discovery Disputes.**

- (a) Except in cases involving claims of privilege, any party entitled to receive disclosures ("Requesting Party") may, after the deadline for making disclosures, serve upon a party required to make disclosures ("Responding Party") a written statement, in letter form or otherwise, of any reason why the Requesting Party believes that the Responding Party's disclosures are insufficient. The written statement shall list, by category, the items the Requesting Party contends should be

produced. The parties shall promptly meet and confer. If the parties are unable to resolve their dispute, then the Responding Party shall, within 14 days after service of the written statement upon it, serve upon the Requesting Party a written statement, in letter form or otherwise, which identifies (1) the requested items that will be disclosed, if any, and (2) the reasons why any requested items will not be disclosed. The Requesting Party may thereafter file a motion to compel.

- (b) An opposed discovery related motion, or any response thereto, shall not exceed 7 pages. Attachments to a discovery related motion, or a response thereto, shall not exceed 5 pages. No further briefing is allowed absent a request or order from the Court.

Within 72 hours of the Court setting any discovery motion for a hearing, each party's lead attorney (*see* Local Rule CV-11(a)) and local counsel shall meet and confer in person or by telephone, without the involvement or participation of other attorneys, in an effort to resolve the dispute without Court intervention.
- (d) Counsel shall promptly notify the Court of the results of that meeting by filing a joint report of no more than two pages. Unless excused by the Court, each party's lead attorney shall attend any discovery motion hearing set by the Court (though the lead attorney is not required to argue the motion).

(f) Counsel are directed to contact the chambers of the undersigned for any “hot-line” disputes before contacting the Discovery Hotline provided by Local Rule CV-26(e). If the undersigned is not available, the parties shall proceed in accordance with Local Rule CV-26(e).

- 10. No Excuses.** A party is not excused from the requirements of this Discovery Order because it has not fully completed its investigation of the case, or because it challenges the sufficiency of another party’s disclosures, or because another party has not made its disclosures. Absent court order to the contrary, a party is not excused from disclosure because there are pending motions to dismiss, to remand or to change venue.
- 11. Filings.** Only upon request from chambers shall counsel submit to the court courtesy copies of any filings.

- 12. Proposed Stipulations by the Parties Regarding Discovery.**
 - a. The parties will move separately for an order regarding e-discovery.
 - b. Where technologically feasible, all pleadings and other case-related documents will be served via email pursuant to L.R. CV-5(d).
 - c. Items Not Required in Privilege Log: Except as provided under Local Patent Rule 3-7, no party is required to include in a privilege log any documents that came into existence on or after the filing date of the Original Complaint.

Discovery involving Broadcom as a party is solely limited to discovery regarding NoAC’s claim for indemnification.

- 13. Standing Orders.** The parties and counsel are charged with notice of and are required to fully comply with each of the Standing Orders of this Court. Such are posted on the Court’s website at <http://www.txed.uscourts.gov/?q=court-annexed-mediation-plan>.
